

Get contracts signed without PDF ping-pong

For solo operators running the whole business.

Who this is for

Solo operators and one-person businesses who wear every hat â sales, delivery, admin, and support â and need leverage without hiring a department.

Unsigned contracts stall cash and work while you chase attachments.

Suggested stack

E-sign tool + Drive archive + paid trigger. Primary tools: HelloSign, DocuSign, Stripe.

Do this

1. Upload your MSA and SOW templates to Dropbox Sign / DocuSign.
2. Enable automatic reminders at day 2 and day 5.
3. On complete: save PDF to Drive and notify you.
4. Optional: signed contract â create Stripe customer / project folder.

Operator tip

Never start unpaid work on a verbal yes. The flow should make signing easier than delaying.
